PANEL DISCUSSION

WORKSHOP

Confluence is a first of its kind academic conference hosted at Seth G.S.M.C. & K.E.M. Hospital.

It's an initiative taken by the undergraduate students of our college to encourage learning in a dimension outside books by providing a platform to display their extracurricular efforts. With a participation of around 1000 students from all over India, Confluence has something to offer to everyone. This year we hope to make it even bigger with the myriad events that we have planned.

Paper Presentation

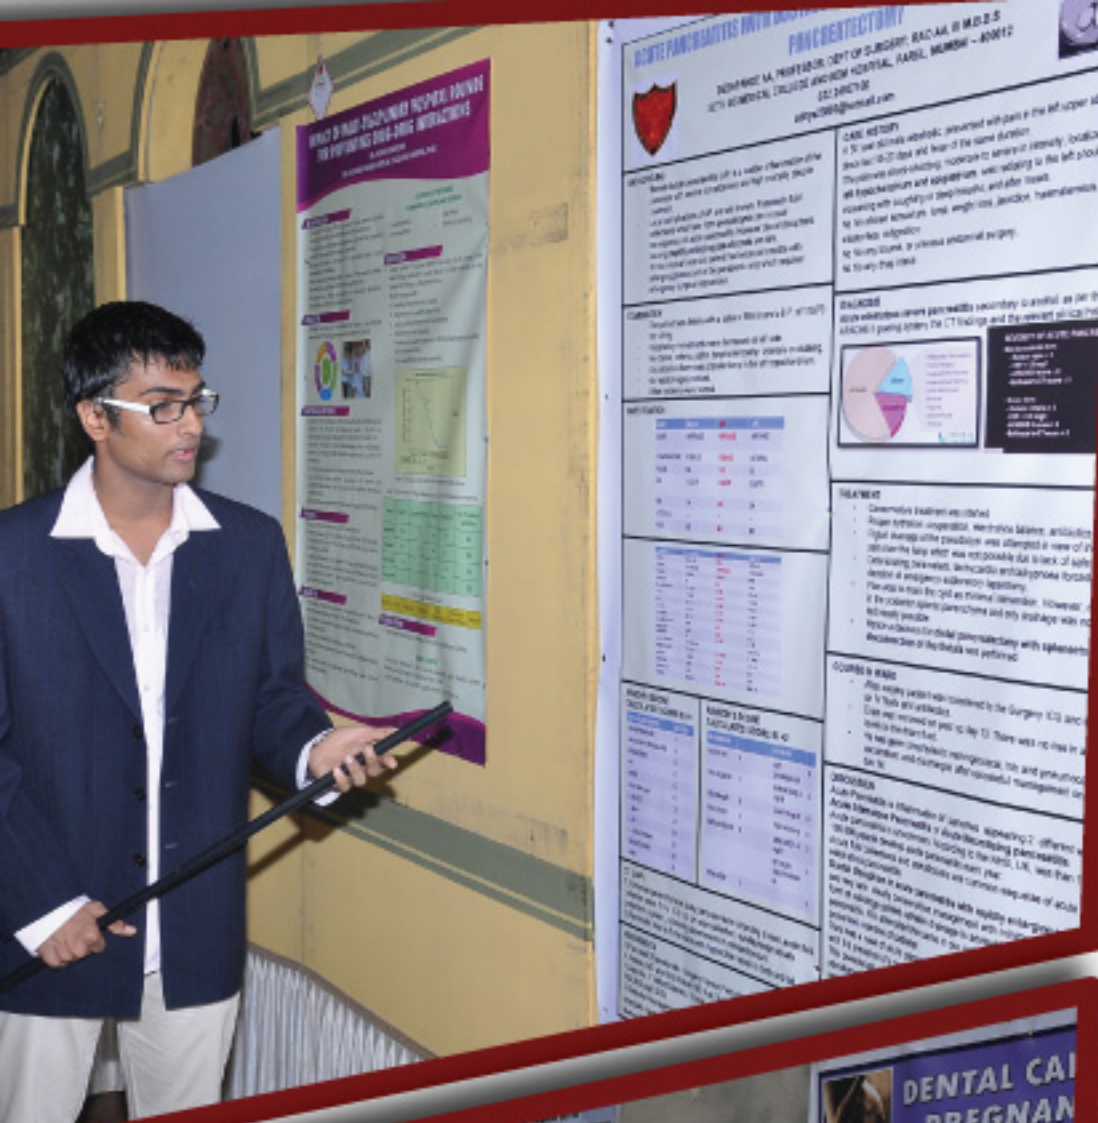

"Its your chance to bask in the lime-light"

Nothing good ever came out of superficiality. We at Confluence '15 provide an eminent platform to present your research...your paper...make your contribution to this dynamic field of medicine. This is where no effort goes unnoticed. Do participate in the most intellectual paper presentation competition.

CONFLUENCE

Poster Presentation

"Pictures create an everlasting impression on our minds"

The art of converting monotonous literature into a visual treat is not a layman's job. Confluence '15 pitches you against the most creative minds across the country.

CONFLUENCE

Cognition

"Bringing forth new ideas"

A centre-stage event of Confluence, where teams present medico-social topics to our medical fraternity. Bringing to you a Pan India Medical Symposium Competition.

CONFLUENCE

CPC

Quiz

"Observe, Record, Tabulate and communicate"

Medicine is learnt by the bedside and not in the classroom because to study the phenomenon of disease without books is to sail an uncharted sea while to study books without patients is not to go to sea at all.

CONFLUENCE

"The ultimate battle of wits"

STUDENT

Students' Debate

This is the classical debate that we all crave for. Bring out the orator in you and fight for your stand. Do all that you can to win because mastering a debate is a feeling like no other.

Pre Clinical Quiz

"Good Luck Amigos!"

Are you theoretically brilliant and clinically good enough to take on the most challenging mind game ever? We provide an arena for neurons to charge up, brains to battle and smarts to win. Come and prove yourself at the grand quiz of Confluence '15.

?

CONFLUENCE

Guest Lectures

"Feel the charismatic presence of a genius"

Sometimes you learn more from experience than from books. Confluence '15 presents an interactive session with eminent personalities from medicine and varied fields who will enlighten you with knowledge and also, anecdotes from their own lives.

CONFLUENCE

Panel Discussion

"Change your thoughts and you will change the world"

What is the most resilient parasite? Bacteria? A virus? An intestinal worm? An idea! Resilient... highly contagious. Once an idea has taken hold of the brain it's almost impossible to eradicate. This is the power of gathering- it inspires us, delightfully, to be more hopeful, more joyful, more thoughtful: in a word, more alive.

DISCUSSION

Workshops

"Learning never exhausts the mind"

*Tell me and I forget. Teach me and I remember.
Involve me and I learn.
So do not miss the Good Clinical Practice,
Literature search and other workshops.*
