

Dear Students,

The GSMC- MUHS UNESCO Bioethics Unit invites application for the year 2017 for being associated with it as members of the “Students’ wing”. Two students will be selected from each batch of medical undergraduate course and one each from nursing, Physiotherapy and occupational therapy.

To be associated with GSMC MUHS UNESCO Bioethics unit is a matter of great prestige and you will have an opportunity to interact and represent your college nationally and internationally. You will also be a responsible individual in organizing events related to bioethics and be messengers and leaders to spread it far and wide amidst your fellow friends and peers. Learning about humanity and working to spread it at a personal level would also help you to be more compassionate and humane health care professional.

To give you a brief background, this unit was formally established in November 2015, with 15 faculty members from various disciplines and departments of Seth GS Medical college and KEMH under chairmanship of Dean and Director Dr. Avinash Supe. Our present students wing members have organized 2 major successful events ‘*E-debate*’ (Debate on Bioethics) and a guest lecture on ‘*Doctors without borders*’. They spread the message of ‘Child Dignity and Child Rights’ on the World Bioethics Day Event through a skit. They have got opportunity to attend national and international Bioethics workshop and conference as well.

To know further details of the unit activities, please visit the webpage <http://www.kem.edu/gsmc-muhs-unesco-bioethics/>

We look forward to having enthusiastic student-members. If you wish to be one of them, please fill in the details in the following format and submit via email to the respective batch-in charges (Please see the table below) on or before **31st December 2016.**

## Application Form for Students' Wing

GSMC MUHS UNESCO Bioethics Unit

Seth GSMC and KEMH, Mumbai

Name:Year:
