Note : Candidate have to submit one set of Self-attested photocopies of Certificates / Documents along with print copy of application form by post/by hand to the University on or before 24/07/2018. All the original documents and two set of attested photocopies should be brought and submitted (if selected) at the time of Admission.

Post-Graduate Courses Conducted by University

Introduction: -

1.1 Master of Science in Pharmaceutical Medicine-

Since last 12 years, MUHS, Nashik is Conducting “Master of Science in Pharmaceutical Medicine”. Pharmaceutical medicine is the medical scientific discipline concerned with the discovery, development, evaluation, registration, monitoring and medical aspects of medicines for the benefit of patients and the health of the community. This course is a professional course, approved by the **Govt. of Maharashtra and University Grants Commission (UGC), New Delhi**. This will be a comprehensive training course in pharmaceutical medicine wherein education will be provided by leading experienced Pharmaceutical Industry, Regulatory Authorities, Academic Researchers and Research Organizations. This would help students to expand, understand and able to participate in development of drug with efficacy & safety profile for marketing. Further, this course would provide education in health care sector, regulatory national and international affair, legal, ethical and scientific aspects of clinical trial.

Core Curriculum for Education in Pharmaceutical Medicine: Based on International Federation of Association of Pharmaceutical Physicians (IFAPP), this programme consists of 12 modules, the nucleus of an appropriate postgraduate course in Pharmaceutical Medicine. In present curriculum there are five additional modules, comprising 2 modules on Development of the Drug from Herbal Source, one module each on Basic Allopathic Sciences, Genomics-Biotechnology & New Drug Delivery System.

1.2 MBA (Health Care Administration)-

Healthcare is one of the fastest growing fields and is the third largest service sector in India. The industry is emerging as one of the promising sectors in the economy. Existing healthcare organizations are expanding by opening hospitals in new service areas and new organizations are entering with latest Technology and Marketing Strategies. Besides, India is also eyeing the global Healthcare market to emerge as one of the possible destinations for international patients.

According to Price Water House Coopers in its report, 'Healthcare in India: Emerging market report', revenues from the healthcare sector account for 5.2 percent of the GDP, making it the third largest growth segment in India. To meet this demand for healthcare services and infrastructure, the country needs US\$ 50 billion annually for the next 20 years, says a CII study. India needs to add 2 million beds to the existing 1.1 million by 2027, and requires immediate investments of US\$ 82 billion.

An explosion of Technology has occurred that will require managers to have a new set of skills, coupled with knowledge of traditional healthcare organizations. The educational programme in HealthCare Administration aims to impart the knowledge of basic as well as specific areas of management to professionals responsible for management of healthcare service. To meet the educational challenges of this rapidly evolving field, the Healthcare Administration programme

provides students with a managerial and technical foundation for careers in consulting, Medical Products, Pharmaceuticals, Biotechnology, Financial Services, Venture Capital, Healthcare Systems, Health Plan Management and Insurance, IT Sector, Associations and Government.

1.3 Master of Public Health (Nutrition) -

MPH (Nutrition) is an intensive two-year course designed to provide an excellent grounding in Public Health Nutrition to strengthen each learner's knowledge and skills contributing to the development of a cadre of public health nutrition professionals. It has been designed with an inherent recognition that individuals admitted to this program have prior and current experience in the health and nutrition sectors. The program is divided into classroom-based course work and field-based practical experience in Public Health Nutrition. The exit competency of the program allows the individuals to demonstrate their proficiency and mastery of the program competencies in the real-world application in the form of a facility and community based project. The project assignment is to be undertaken as a core part of the course curriculum.

The course provides systematic coverage of major topics in the area of Public Health Nutrition based on international standards. It is appropriate for those who want to pursue a career in the area of Public Health Nutrition. The course is designed based on latest international evidence and standards in Public Health Nutrition.

The course curriculum is designed with technical support from UNICEF, and experts in Public Health Nutrition belonging to academic and medical education.

2. Aims & Objectives: -

2.1 Master of Science in Pharmaceutical Medicine-

- a) To strengthen various health science disciplines concerned with the discovery, development, evaluation, registration monitoring, medical aspects and marketing of Medicines for benefit of the individual patients and public health.
- b) To familiarize students with Research Methodology (in animal and human) & develop research aptitude by encouraging them to undertake research projects (basic: laboratory based, clinical: often human research, Epidemiological: population based – survey and case control studies, social or behavioral : component of epidemiological research and interventional studies : to evaluate the impact of specific intervention on prevention / management of disease).
- c) To provide a complete understanding of drug development from pre-clinical to clinical stage.
- d) To provide broad background knowledge in Regulatory, Legal & Ethical issues.
- e) To train in Biostatistics, Data Management, Monitoring and Health Economics.
- f) To sharpen practical skills by training and by performing biochemical, analytical and microbiological experiments using modern instruments.
- g) To develop ability to work independently or work in industry, research oriented institute or in office of regulatory authorities.

- h) To create awareness about promotion of product & marketing of drugs in National/ International market.
- i) To develop scientific temper and interest by exposure through Internet, Computers, Various databases and Pharmaceutical industry Visits.

2.2 MBA (Health Care Administration) -

- a) To prepare dynamic, young, creative and highly qualified managers and administrators for efficient management of Hospitals and Healthcare organizations by applying modern management techniques.
- b) To impart necessary knowledge and skills with practical orientation and help formulate strategies for more efficient management of super-specialty hospitals, especially in highly competitive corporate and private sector.
- c) To provide knowledge, vocabulary & advanced skills concerning all areas of the healthcare delivery system to make administrators proficient and creative, under any challenging situations.
- d) To impart to students theoretical background of those academic disciplines which are related to the field of management in general and those specific to hospitals and Healthcare organizations.
- e) To develop leadership skills in students through understanding of organizational and community problems, human psychology, organizational behavior and global trends
- f) To inculcate in students a strong desire for learning and an urge for research in the field of management, through involvement in the actual healthcare administration practices.
- g) To plan for and to co-ordinate appropriate hospital service development within the hospital to be responsible for all departments, including the quality of care given therein.
- h) To monitor the quality of care given therein and prepare strategic business and finance plans for the department and to ensure implementation of such plans within the allocated financial resources.

2.3 Master of Public Health(Nutrition) -

- a) To provide a sound understanding of the science of nutrition and public health.

- b) To provide advanced knowledge and skills in Public Health Nutrition.
- c) To provide a scientific basis for assessment and management of nutritional problems of vulnerable Populations.
- d) To build capacities to undertake research projects in the area of Public Health Nutrition.
- e) To enhance knowledge and skills for improved program planning, management and evaluation of programs in a Public Health Nutrition setting.

3. Eligibility: -

3.1 Master of Science in Pharmaceutical Medicine -

Course	Eligibility Criteria
Master of Science in Pharmaceutical Medicine	<p>a) All Health Science Graduates i.e. (MBBS/BDS/BAMS/BHMS/BUMS/BPTh/ BPO/BOTH/ BASLP/PBBS (Nursing) / B. Sc Nursing, B.Sc. (Paramedical Technology). OR Health Science Degree of any Statutory University. (Note:1) Those Students who are doing internship are eligible for entrance examination, provided that they should produce University Internship Completion Certificate along with other documents, at the time of Counseling / on 31 July 2018.</p> <p>b) B. Sc (Life Sciences): - Bio-Chemistry, Microbiology, Botany, Zoology, and Biotechnology.</p> <p>c) Pharmacy Graduates (B. Pharm) or M.Pharm.</p>

3.2 MBA (Health Care Administration)-

Course	Eligibility Criteria
MBA (Health Care Administration)	<p>All Health Science Graduates (MBBS/BDS/BAMS/BHMS/BUMS/ BPTh/ BPO/BOTH/BASLP/PBBS (Nursing) / B. Sc Nursing) B.Sc. (Paramedical Technology)). OR Health Science Degree of any Statutory University. (Note:1) Those Students who are doing internship are eligible for entrance examination, provided that they should produce University Internship Completion Certificate along with other documents, at the time of Counseling / on 31 July 2018 .</p>

3.3 Master of Public Health(Nutrition) –

Course	Eligibility Criteria
Master of Public Health (Nutrition)	<p>Graduates in Health Science (MBBS/BDS/BAMS/BHMS/BUMS/ BPTth/ BPO/BOTH/ BASLP/PBBS Sc (Nursing) / B. Sc Nursing), B.Sc. (Paramedical Technology) OR Health Science Degree of any Statutory University.</p> <p>(Note:1) Those Students who are doing internship are eligible for entrance examination, provided that they should produce University Internship Completion Certificate along with other documents, at the time of Counseling / on 31 July 2018</p> <p>2) In- Service candidate (Govt. / Private) fulfilling above criteria have to submit NOC of the concerned authority at the time of admission and must have two year sanctioned deputation study leave.</p>

4. Course Duration:

M.Sc. in Pharmaceutical Medicine	MBA (Health Care Administration)	Master of Public Health (Nutrition)
2 Years	2 Years	2 Years

5. Language of Course: English

6. Total No. of Seats (Intake Capacity)

M.Sc. in (Pharmaceutical Medicine) Nashik	MBA(Health Care Administration) Pune	Master of Public Health (Nutrition), Pune	Master of Public Health (Nutrition), Nashik
60	60	30	30

If the no. of eligible candidates are more and if the Govt. permits, then the University may increase the no. of seats or no. of study centers.

7. Nature of Course: Interdisciplinary, full time

8. Fee structure:-

8.1 M.Sc. in Pharmaceutical Medicine -

Sr. No.	Particulars of Fees	For Ist. Year	For IInd Year
(a) Non Refundable amount subject to admission cancelled based on M C Resolution No 94/2007 Dt.6/10/07			
1	Tuition Fee	45000.00	45000.00
2	Library Fee	1000.00	3000.00
3	Digital library fee	2000.00	0.00

18. Degree Certificate:-

18.1 M.Sc. Pharmaceutical Medicine-

After successful completion of the course, the candidate shall be awarded the Degree of "**M.Sc. Pharmaceutical Medicine**" by Maharashtra University of Health Sciences, Nashik.

18.2 MBA (Health Care Administration)-

After successful completion of the course, the candidate shall be awarded the Degree of "**MBA (Health Care Administration)**" by Maharashtra University of Health Sciences, Nashik.

18.3 Master of Public Health (Nutrition)

After successful completion of the course, the candidate shall be awarded the Degree of "**Master of Public Health (Nutrition)**" by Maharashtra University of Health Sciences, Nashik.

19. Teaching Schedule and Evaluation: -

19.1 M.Sc. Pharmaceutical Medicine-

University examination shall be conducted at the end of first and second year. Both examinations will be consisting of Theory, Practical & Viva Voce.

i) Study Period : Two years

ii) Lectures & Seminars :

- Lectures on course orientation and basic training in allopathic Pre, Para and Clinical subjects.

- Lectures in modular form

- Seminar presentation: - Individual and in a group.

iii) Practical & Syllabus of M.Sc. Pharmaceutical Medicine:

- A : Case studies
- B : Shorts Projects
- C : Demonstrations
- D : Exercises
- E : Viva

19.2 MBA (Health Care Administration) and Master of Public Health(Nutrition) -

The courses are conducted in semester pattern and divided in four semesters. University examination shall be conducted at the end of each semester. Four examinations will be consisting of Theory, Practical & Viva Voce.

i) Study Period :Two years

ii) Lectures & Seminars :

- Lectures in modular form

- Seminar presentation: - Individual and in a group.

iii) Practical's:

Short and Long Project

20. Course Advantages:

20.1 M.Sc. Pharmaceutical Medicine-

Provides insights of all sections of pharmaceutical industry-

- Medical Writing
- Medical Coding
- Pharmaco vigilance
- Regulatory Affairs
- Medico-Marketing/ Affairs
- Clinical Research
- Clinical Data Management

20.2MBA(Health Care Administration)-

- a) To prepare dynamic, young, creative and highly qualified managers and administrators for efficient management of Hospitals and Healthcare organizations by applying modern management techniques.
- b) To impart necessary knowledge and skills with practical orientation and help to formulate strategies for more efficient management of super-specialty hospitals, especially in highly competitive corporate and private sector.
- c) To provide knowledge, vocabulary & advanced skills concerning all areas of the healthcare delivery system to make administrators proficient and creative, under any challenging situations.
- d) To impart to students theoretical background of those academic disciplines which are related to the field of management in general and those specific to hospitals and Healthcare organizations.
- e) To develop leadership skills in students through understanding of organizational and community problems, human psychology, organizational behavior and global trends.
- f) To inculcate in students a strong desire for learning and an urge for research in the field of management, through involvement in the actual healthcare administration practices.

- g) To plan for and to co-ordinate appropriate hospital service development within the hospital to be responsible for all departments, including the quality of care given therein.
- h) To monitor the quality of care given therein and prepare strategic business and finance plans for the Department and to ensure implementation of such plans within the allocated financial resources.

20.3 Master of Public Health (Nutrition) -

- a) To provide the understanding of the Health science, Nutrition and public health.
- b) To provide advanced knowledge and skills in Public Health Nutrition.
