3rd Certificate Course in Clinical Laboratory Practices A Quality Approach

in association with

RANDOX

Mission & VISION

It gives us great pleasure to invite you for the **3rd Certificate Course in Clinical Laboratory Practices: A Quality Approach** to be conducted from 22nd to 24th August 2023.

In this certificate course, practical experiences in routine laboratory workflow will be discussed by stalwarts in the field of laboratory diagnostics and quality assurance. The course is structured so as to give maximum opportunities for interaction with the experts.

The overall aim is to help them understand the intricacies of good laboratory practices which can be implemented. The knowledge and experience gained will benefit not only the participants but also their laboratory. It is expected to lay down a future roadmap for the participants with improvement in key areas of Clinical Laboratory Practices.

Looking forward to your participation.....
