

Seth GS Medical College & KEM Hospital, Mumbai 400012

2<sup>nd</sup> June 2026

To

All interns selected for the UMAAS- KEM student exchange program

1. All interns selected for exchange program with UMAAS will rotate for 4 weeks ONLY and that too at the same time.
2. This is also the duration that we have approval for from the University and hence non negotiable.
3. Should any intern wish to do additional rotations at UMAAS, it will be as independent observers and NOT as part of the exchange program.
4. In addition, any additional rotations CANNOT be clubbed with the student exchange program and have to be done separately at some other time point.
